

MORBARK® 22 CHIPARVESTOR®

BENEFITS

- The Morbark Model 22 Chiparvestor is equipped with many features that make the biggest of jobs easy and comfortable for the operator.
- With a 22" diameter chipping capacity, the 22 can handle some of the toughest jobs.
- The roomy, climate-controlled operator's cabin in the RXL is equipped with six-way adjustable seat, joystick controls, air conditioner/heater, and full instrumentation. It also tilts hydraulically for transport.
- Like all Morbark equipment, the 22 Chiparvestor is a long-lasting, durable machine backed by a world-class parts and service support team.

Chipper Disc

Each disc is fabricated from plate steel and put through ultrasonic testing. Material certification is issued for each disc, which provides the best chipper disc in the industry.

Feed System

Powerful multi-wheel feed system provides positive feed of logs and tops for excellent chip quality.

Chip Quality

Units produce quality chips even in non-merchantable and juvenile timber.

Operator's Cab (RXL)

Roomy, climate-controlled cabs are equipped with comfortable seats, joystick controls and full instrumentation.
