STOCK PICKERS

REACHING OUT

ELEVATING SAFETY AND PRODUCTIVITY

It's time to put your ladders away. In stores, warehouses and distribution facilities, they've been replaced by a safer, more productive alternative—JLG® Stock Pickers.

Whether you are transporting supplies, setting up displays or performing routine maintenance, the MSP series makes your everyday tasks more efficient. JLG Stock Pickers allow you to reach up to 26 ft and lift up to 600 lb, while maneuvering in confined working areas. Choose from a range of machines to manage your inventory more productively.

Stock up on safety, performance and productivity. Get your work done more efficiently with the power of JLG.

"The compact design and maneuverability make the MSP Series ideal for reaching materials in confined areas."

**TO MAKE EVERYDAY
TASKS MORE EFFICIENT**

A BIG STEP UP IN EMPLOYEE PRODUCTIVITY

With the MSP Series, your workforce can reach higher, carry more weight and work more efficiently. A single worker with an MSP stock picker can lift and carry up to 600 lb (people and materials) at working heights up to 26 ft, and do work that would typically require two people with a ladder. In fact, stock pickers offer improved safety over ladders and lower setup time that helps you get the job done faster.

What's more, with heavy-duty aluminum mast sections, maintenance-free components, innovative controls and automatic battery charging, MSP lifts provide the reliability and long-lasting performance you need.

"Operator efficiency and safety has vastly improved, practically eliminating the need for ladders and scaffolding."

FEATURES

More Productivity

With the ability to reach higher and carry more weight, workers can manage inventory with greater speed and efficiency.

More Versatility

With a clean design and non-marking tires, the MSP Series is ideal for stores, office areas, schools, hospitals and other indoor environments.

DISCOVER THE FAMILY OF JLG® STOCK PICKING SOLUTIONS

JLG offers a complete line of push-around and driveable vertical stock pickers that are designed to improve the efficiency, reach and safety of your workers. Push-around stock pickers feature large platforms, high capacities of 500 lb and working heights up to 21 ft without the need for outriggers. More powerful, more reliable and more versatile, the driveable MSP Series will help you meet more of your access challenges.

Push-Around Stock Pickers

Mobile Stock Pickers

Extra-large Material Tray

Workers can handle more boxes, supplies, tools or other items with an adjustable, heavy-duty steel material tray.

Greater Access

Compact dimensions for getting into hard-to-reach areas.

A VERSATILE PERFORMER

With their compact size, joystick controls and a zero turning radius, the versatile MSP stock pickers provide the maneuverability and positioning needed for confined spaces. The advanced Point & Go® drive and steer joystick controller provides one-handed control through doorways, down narrow aisles and all around busy work environments; they'll go places even a ladder can't reach. Plus, with a family of platforms, MSP stock pickers can be configured to your specific stock picking requirements and other maintenance needs.

APPLICATIONS

- Stock Picking and Restocking Shelves
- Transporting Supplies
- Managing Inventory
- Setting Up Displays
- Hanging Decorations
- Lighting
- Routine Maintenance
- General Repair Work
- Hundreds of Everyday Tasks

FEATURES

Joystick Control

One-handed control for increased operator comfort and efficiency.

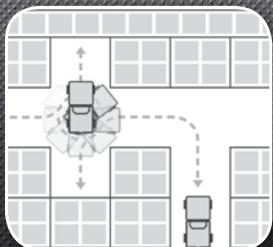

Security Lock

A programmable four-digit lock provides added security when your lift is left unattended.

MAJOR MOBILITY

Whether you're performing routine maintenance or managing inventory, you can take the MSP Series virtually anywhere, from factories, distribution and retail centers to theaters, airports, places of worship, entertainment facilities and more. With the lightest weight in the industry, a narrow design and zero turning radius, challenging spaces are no longer an issue. The MSP Series lets you get your work done quickly and efficiently so you're ready for the next task.

"We've been able to transport supplies everywhere in the warehouse, easily fitting through doorways and narrow aisles."

Working in Tight Spaces

MSP Series lifts are ideal for stores, warehouses and storage areas where space is limited.

Zero Turning Radius

Compact design allows the MSP Series to turn on its own axis.

SP and MSP Series
PLATFORM OPTIONS

Flexible Platform Design

Choose from platforms with front or side entry, a fold-down material tray or an extension platform.

15MSP, 20MSP, 12SP AND 15SP

- 28 x 48 in. stock picking platform
- Front entry with flexible or fixed rail set-up
- 500 lb capacity (400 lb capacity on 20MSP)

10MSP Platform

- 20 x 27 in. stock picking platform
- Adjustable 27 x 27 in. material tray
- Saloon style rear-entry gate
- 350 lb operator's platform capacity
- 250 lb material tray capacity
- 250 lb carry deck capacity

OPTIONAL PLATFORMS

15MSP, 20MSP, 12SP AND 15SP

Fold-Down Material Tray

- Adjustable 25.25 x 27.75 in. aluminum tray
- Saloon style side-entry gate
- 250 lb material tray capacity (12SP, 15SP only)
- 150 lb material tray capacity (15MSP, 20MSP only)
- 250 lb platform capacity (12SP, 15SP only)
- 300 lb platform capacity (15MSP, 20MSP only)

PUTTING YOUR WORK ABOVE EVERYTHING

When it comes to JLG® Ground Support, it's all about you. Your productivity. Your profitability. Your uptime. From the purchase of your first piece of equipment straight through to the training, parts and maintenance that follows.

■ Customer Service Call Center

You can be assured we'll be giving an all-out effort to support you. Just think of us as your personal on-call, full-service support team. We make it happen. Period.

■ Aftermarket Parts

Keep your equipment running at peak performance with genuine replacement parts, accessories, attachments, rebuilt and competitive parts all from one source—JLG.

■ Training

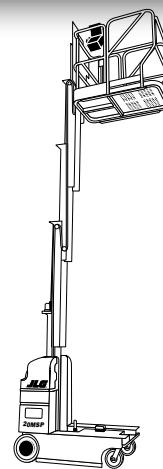

Knowing your equipment inside and out results in higher productivity on the job. Our instructor-led courses give you the hands-on time you need to successfully operate equipment.

■ Service Centers

Your needs. Your uptime. JLG is on the job to fulfill your every need, from repair, reconditioning, same-day parts and much more. We're here to support you.

■ Pre-Owned Equipment

As a high-value alternative to purchasing new equipment, you can search our used equipment inventory of pre-owned JLG and competitor products.
