

BURDENMASTER™

Versatile Gasoline Utility Vehicle

MODEL	G1-50	
TYPE	Gasoline	
SPEED (MAX MPH)	18	(29 kmh)
RANGE (MILES)	100	(161 km)
LOAD CAPACITY (lbs)	1,500	(680 kg)
BED SIZE (W"xL")	43"x75"	(109 cm x 190 cm)
TURNING RADIUS (INCHES)	125"	(312 cm)

Based on Standard Configuration

*Typical capacity. Actual load capacity depends on application and vehicle configuration

Tough and Dependable Product Solutions

The G1-50's versatile design allows the vehicle to be built to your specific needs. Equipped with an 18 hp four stroke engine that delivers plenty of power through a variable pitch torque converter, the Burdenmaster is ideal for 24-hour-a-day applications.

The vehicle travels at speeds up to 18 mph and hauls up to 1,500 lbs. of load. Optional configurations for 4 or 6 passengers and built-in tool storage areas, make model G1-50 one of the most versatile designs in the industry.

The vehicle's unique delta suspension system includes rear coil springs and shock absorbers, providing a comfortable ride in rugged applications.

Equipped standard with four wheel brakes, dual headlights, taillights and stop lights, the Burdenmaster is the best value in its class of vehicles.

Model G1-50 configured with steel cab and doors makes it ideal for outdoor utility applications. With its 18 mph speed, versatility, and maneuverability, Burdenmaster is the ideal solution.

With more than 150,000 vehicles in service and over 50 years experience in providing solutions to our customers, Taylor-Dunn products are the best way to go about your business.
